Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>I object to the plans as we have just moved to area for the natural outstanding beauty and wildlife in a quiet village like setting. I believe these plans would have a detrimental impact to the local wildlife including the tawny owls in the local area, foxes and badgers which frequent our garden coming from the said area which proposes to be built upon. The increased levels of pollution and building pollution I.e dust etc to the area will have an impact on [REDACTED]</p> <p>[REDACTED] The noise of the building work will affect the houses directly behind [REDACTED] The increase in cars and strain it will put on the local public services such as schools (extra cars and no parking) and medical centres just takes away the essence of the village life. There are plenty of open spaces further along to be built upon, this is not one of them. Squeezing 100 houses into a green belt area where people struggle to get planning permission for an extension is ridiculous.</p>
