11th January 2024

To Alison Webster,

Clarence Place.

Ref: 20231041

We refer to the submission made 6th October 2023 regarding condition 14, relating to the details of the metal railings to the front wall. This was discussed at our site meeting and mentioned in your email 20th December to confirm that new railings should reflect the design of the recreation ground opposite the site.

With this in mind we would like to substitute the following drawing 181-PD-22 for the previously submitted plans. These now show the revised design which responds to the Conservation Officers comments.

Please let me know if you need any further information.

Yours faithfully

Mr J Haskins
