Reasons for comment:	
Comments:	I am writing to object to the proposed development on Greenbelt land for the following reasons. The proposed development contravenes the fundamental purpose of the greenbelt designation, which is to prevent urban sprawl and protect the character of rural areas. This areas is home to protected species, and any disturbance could have significant ecological consequences. The development directly violates the governments Planning Policy for Traveler Sites, specifically Policy E which states that traveler sites are inappropriate in greenbelt areas unless very special circumstances can be demonstrated which as the land is vacant and untouched there can be none of these.

Kind regards
