Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I'd like to object to the planning application for the gypsy/ traveller site and the permission for 2 static homes and 2 touring caravans plus a shared day room for gypsy and or travellers on the following grounds. It is inappropriate development in the Green Belt and this application is not an exceptional circumstance. It will have an impact on local character and rural landscape. The properties surrounding the proposed site and those in the village have no similarities to that of which is being proposed. The environmental effect of light pollution, waste needs, sanitation and the extra traffic will all add to the negative effect. Pear Tree Lane already suffers from traffic issues when large vehicles use the lane, particularly in the narrow parts. Trailers and caravans will cause further congestion and block the lane to other vehicles. The overflow parking from the See Ho public House, opposite the proposed site, is already congested so extra trailers, vans and other visiting vehicles will add to this. Should this be approved, a precedent for further and or similar developments will be set which will have a detrimental effect to the character of the rural landscape. Please consider refusing this application to protect the green belt, rural character and the environment of Shorne village. Thank you.
