Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I strongly object to the side extension. It will look totally out of character with the whole street, but my main concern is the fact that they will be losing the use of their garage for parking, also at least one spot on the drive which means they will then have to park in the road. When they have visitors they always park on the pavement but even then it makes the visibility for getting of our drive safely really hard and dangerous, it also makes it very hard for people opposite to get on and of their drive. I'm sorry but to reduce the amount of parking we have in the street seems ridiculous especially with the amount of younger people getting cars and needing to park

Kind regards
