Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	1) 7 attempts have already been made by the applicant for this work and all have failed. This is green belt land, an important buffer between Meopham and Sole St and is totally unsuitable for such development. 2) The surrounding road system consists of narrow lanes and is unsuitable for additional traffic and certainly for the large lorries used to illegally transport a temporary building into the site recently. Increased usage by those on this land will only further damage the roads and surrounds. 3) The damage caused by the installation where fully mature trees have been cut down along Nurstead Lane/Whitepost Lane is an indication of the treatment that the applicant applies to beautiful countryside and shows a total irresponsibility and lack of consideration for others living in the area 4) The site is already subject to a ban on development by the High Court (case no HQ09X02792). This prohibits ANY residential use of the land for the future and the applicant is now in breach of the injunction. In view of this High Court ruling the illegal recent development should immediately have been stopped and the ruling enforced by Gravesham Borough Council. Equally the current planning application must be rejected in view of the High Court ruling.
