Reasons for comment:

Comments: To Whom It May Concern,

I am writing to express my full support for the establishment of this mosque in the Gravesend area.

At present, there is only one mosque serving the local Muslim community, and it is consistently overcrowded especially during Friday prayers, where many worshippers are left with no option but to pray outside, regardless of weather conditions. This is not only inconvenient but also a safety concern for the community.

An additional mosque would help meet the growing needs of the local Muslim population and provide a safe, dignified space for worship. Beyond this, the proposed mosque has the potential to serve as a vital community hub. One of the trustees is a former prison chaplain, with valuable experience in guiding and supporting individuals, especially the youth. His background puts him in a strong position to positively influence young people, help steer them away from crime, and offer mentorship, education, and purpose through active community engagement.

This initiative is not just about creating another place of worship but also building a stronger and safer community that is more deterred from crime through the community services this peacock mosque has to offer

We, as the community of Gravesend, trust that you will reflect on the value this important project brings to our community.

Yours sincerely,

[REDACTED]

Kind regards
