Fencing, Gates & Security

Fixings

UV protection

Enhanced woodgrain effect surface

Available in 1820 and 3600mm lengths

Available in 4 colours

Stain and scratch resistant

Moisture resistant

Co-extruded capping second generation board

Deflects unwanted noise

! When fixing this product an allowance needs to be made for expansion due to temperature fluctuation. We would suggest allowing a 5mm gap at the start and finish of each board.

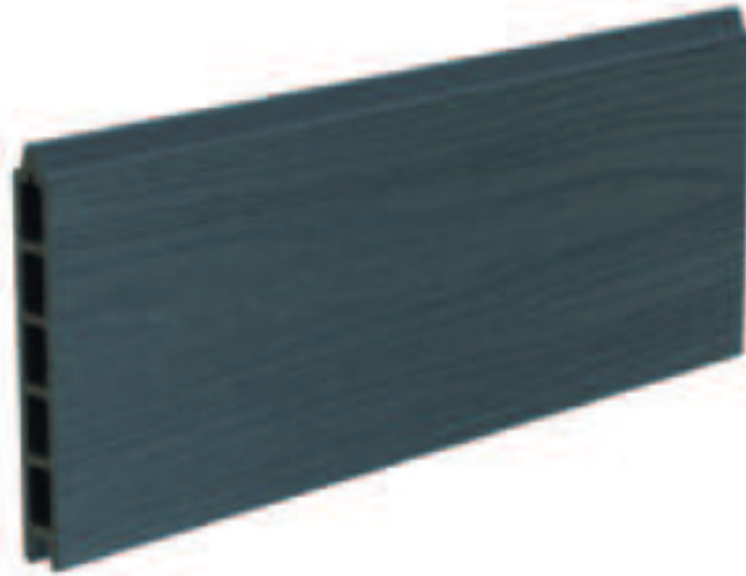

Boards

Charcoal

L x H x T mm	Code
1820 x 160 x 21	72FPS18SCH

Light Grey

L x H x T mm	Code
1820 x 160 x 21	72FPS18SLG

Teak

L x H x T mm	Code
1820 x 160 x 21	72FPS18ST

Walnut

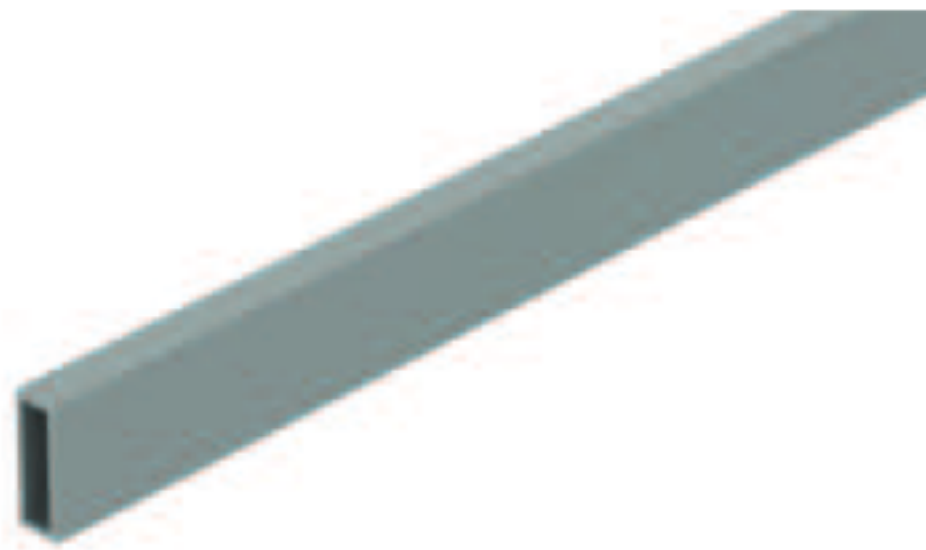

L x H x T mm	Code
1820 x 160 x 21	72FPS18SW

Height to the shoulder is 150mm.

Fence Board Strengthening Rail

Internal fit

Code
72FPSR18

For a 1.8m high fence, we recommend using 1 insert in the 3rd, 6th, and 9th fence board. Mill finish.

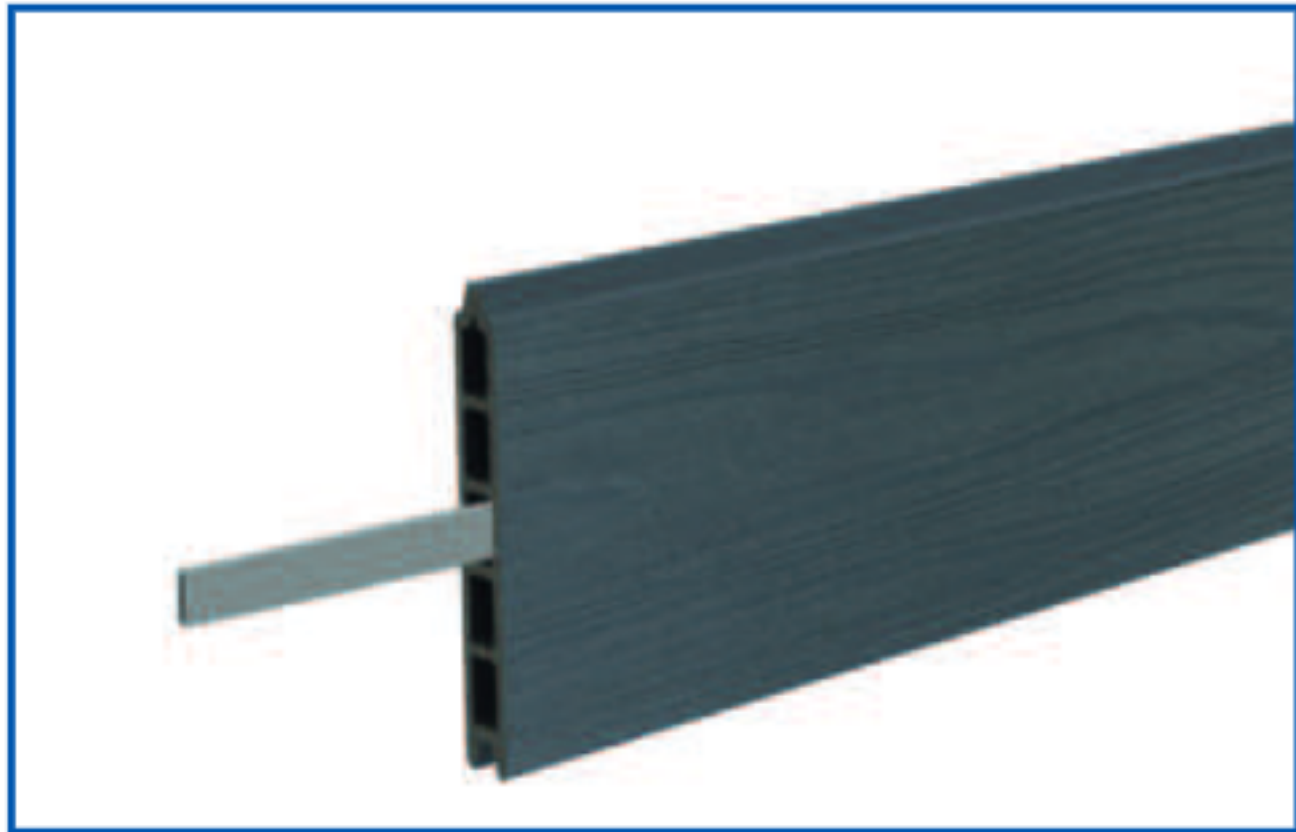

Image Shows Strengthening Rail Inserted Into Board

Boards are also ideal as infills for creating matching gates.
