Reasons for comment:	
Comments:	Meopham is already at bursting point with a major lack of buses - the A227 every morning is at a standstill with the queues stretching down the hill well past Green Lane. To expect hundreds more cars to access the A227 would surely put the occupants of the village at great danger - there are a lot of young children and teenagers walking to the two schools beyond Green Lane which would hold most of the traffic exiting the site. The alternative is to use a single track country lane with very few passing spaces. This proposed site is prime farmland and is within the Greenbelt. The infrastructure of Meopham is already at capacity, schools are full and the doctor's too.

Kind regards
