Reasons for comment:

Comments:	<p>We need to keep green spaces green.</p> <p>It is viable farming land that when we lose it, it l'd gone for ever.</p> <p>The roads can't cope with more houses, there are 3 applications in at the moment all in similar areas with a big focus on this small section of road. It won't cope. There will be more traffic and more accidents. And more pollution</p> <p>the doctors can't cope, the primary schools can't cope. We don't need it. There is a barely existing bus service at the moment. The school buses are busy already, and the train service is infrequent busy at rush hour in the morning, to the wrong side of London for most commuters</p> <p>There are brownfield sites with planning granted, this needs to be enforced first before losing field and nature going to ruin.</p> <p>We need to think of the children and the future, they need nature and green spaces</p>
-----------	---

Kind regards
