Reasons for comment:

Comments:	this is a huge proposed development to an already traffic-filled village. Adding a development to this location would be dangerous from the additional traffic caused. I do not drive and I walk on the junction by green lane every day and it is already dangerous trying to cross the road here - more traffic would make it impossible and would be highly dangerous for pedestrians. the parade by the shops is already an accident black spot - adding more housing to Meopham would worsen this situation. Any development in Meopham would put additional pressure on an already very busy GP centre. The development is proposed on farm land - the land should be kept as farm land and alternative locations should be found for housing developments that are not in green field areas like Meopham.
