## Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	350 houses could have the potential for 700 +additional cars using the roads and access. Wrotham road is a busy road in constant use and this would only add to congestion, including air pollution. The exit for the shops is hard enough as it stands without extra traffic. The area around the George pub is very narrow and large vehicles will create a pinch point and potentially endanger pedestrians, and cause congestion. Local side roads will be inadequate to support any diversions. The three applications could increase the population of Meopham by approximately 30% and the strain on the Doctors surgery and school places would not be able to cope. Waiting times for the surgery are already high. All three applications could increase the cars on the A227 by around 1400. This is also Greenbelt land whcih has not been released from the Greenbelt boundary.

Kind regards
