Reasons for comment:

Comments: proposed access is dangerous. Accidents are already frequent. Very busy road. Junc next to heavily used Green Lane/shops would snarl up traffic. minimum 700 xtra cars + visitors and deliveries. Nothing will move  
Opposite three schools, this is a risk to local children trying to cross  
Prime agricultural land would be lost making UK import even more food.  
Unusual birds fly and nest there, would be lost.  
this part of Wrotham Rd/Longfield Rd has parked cars both sides. Likely accidents  
There is a narrowing of road just part the proposed Dev, which would cause even more delay than at present. This part of Wrotham Rd is already frequently gridlocked.  
Meopham residents need social and properly affordable housing, not large housing that locals can't afford.  
There are other areas of grey land available in Gravesend which would be used as services are already there.  
Bus services are sparse so cars would be used, creating more gridlock.  
Power cuts are already regular, so there is no capacity for more use  
Water resources are scarce.

Kind regards
