Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>I 100% object to this development.</p> <p>Longfield road is an extremely busy road and this development would potentially put another 240 cars if not more on the road at peak times. As this road has two schools located adjacent to the proposed development this would highly impact the safety of the attending children. Should we in this day and age be creating an unnecisary development that would impact the safety of our children? No.</p> <p>The Helen Allinson school directly adjacent to the development is an SEN school and SEN children are highly sensitive and the ongoing work from said development will cause stress and sensory overload to the pupils.</p> <p>The site of the proposed has been farmland for hundreds of years providing and helping towards food production, should we be doing anything to impact this?No</p> <p>Longfield road is in constant use from large heavy goods vehicles and by increasing the roads use and population this will 100% impact safety of residents and school children especially with vehicles traveling at 50mph towards Meopham.</p> <p>Bottom line, schould we be building on green space and ruining or village? No</p>
