Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>This section of road is already extremely dangerous with its close proximity to the junction with Longfield Road, Local Shops with very limited parking, schools, bus stop and being on a fairly blind bend. Traffic congestion, particularly at school times is very dangerous and can only be made worse by adding an entrance at this point. Gravesham Council should be considering reducing the number of vehicles, limiting speed limits and in particular activities of commercial vehicles in this area.</p> <p>The fact that this is a Green Belt area should also be considered as any increase in housing will have a detrimental affect on the general environment.</p> <p>The council must also consider safer crossing points for children and general public, easier parking and ensuring that we have sufficient hospital facilities, doctors, schools, as all our struggling at this time and must be considered in relation to new developments</p>
