Reasons for comment:	
Comments:	<ol style="list-style-type: none">1. This high quality agricultural land needs to be retained within the green belt .2. The staff and pupils in the school will be significantly affected during the construction process.3. The additional traffic generated during construction and from the residents of the new dwellings will cause noise, disturbance and cause problems to both the school and residents in existing properties.4. Impact of the additional traffic will be felt along the whole of the A227 from its junction with the A2 to its end at the A20/M20.5. There will also be an impact on both local and wider services in terms of medical provision and education .

Kind regards
