Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The site has already been cleared of all trees which is detrimental to the environment and associated wildlife. Ridge lane is very narrow, a standard dust cart cannot be used to collect rubbish, so perhaps a fire engine would also have difficulty. Drainage is already a problem at the junction of Rhododendron Ave and Heron Hill Lane constantly being flooded in wet weather. The proposed number of units in this application will exasperate the flooding problems further. The devastation of the biodiversity within the area is increasing at a rapid rate (people buy plots and clear all vegetation prior to submitting planning applications). This is in direct contravention of previous planning rules. We were not allowed to lop, top or fell any trees on our plot without prior permission from the planning officers when we moved here nearly forty years ago.

Kind regards
