Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The lane is already very difficult to drive on, further occupancy will cause even more congestion, area is protected woodland and all the trees fell on the plot already. Very sad and damaging to our wildlife and the quite green belt we love. There is a strict planning policy on expansion of houses and allowing caravans on this plot and all other currently unoccupied land will cause major damage to the environment, put more pressure on electricity lines, sewage system, flooding on lanes, overhead cables , doctors surgery and other services. Noise levels in the valley as well as light pollution has increased significantly since we moved in this peaceful community 20 years ago. Hence I'm objecting to any further development unless the roads are adopted by the council and planning policy changes.

Kind regards
