Reasons for comment:	
Comments:	Totally unnecessary development on green belt land when the roads are so narrow. This is total destruction of land and the environment in an area of outstanding beauty wildlife of all kinds live here. Destroying the natural environment of the villages with Gravesend shows pure greed on the part of developers that have no knowledge of the areas around the villages of Gravesham and the infrastructure that exist. The main A227 and surrounding roads cannot take the sheer volume of traffic and the hidden wells and water will incur flooding as run off is likely from the fields which is arable land and has been farmed for years.

Kind regards
