Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The main A227 is already a very busy road and will not be able to cope with additional traffic from this proposed development. If there is an issue on the A227 the side roads are already a nightmare with diversions as they are mainly single lane and have numerous pot holes. There is invariably temporary traffic lights once a week on the A227 sorting out one issue or another. The whole infrastructure in Meopham is not adequate at the moment so will not cope with such a hugh number of additional homes/facilities. The local surgery is already stretched and additional strain will make getting appointments even worse.

Kind regards
