Reasons for comment:	
Comments:	This site is high grade agriculture green belt land farmed for centuries, which contributes to food production. Longfield Road is extremely narrow with residents cars parked on both sides and during school drop off/pick up becomes highly congested. 120 new houses with 240+ vehicles and service vehicles will make this more dangerous and add to pollution and noise. Longfield Road is constantly in use by heavy vehicles going onto the weigh bridge at Green st Green. Our GP and NHS services are already overstretched and this will add a significant strain to our local services taking into consideration there are another current 2 planning applications in the vicinity.

Kind regards
