## Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>The Developer is intending dangerous access for cars onto what is, essentially a tiny rural lane. Green belt land which has not been released from the Green belt boundary, this area is also a buffer between Meopham and where Sole street starts. This is high grade farmland which contributes to food production, we should beware of increasing food imports. With other planning applications being submitted this will lead to a significant increase of the population of Meopham village by a third putting a great strain on NHS, GP and school provision. There is inadequate bus services in the area. The lower Thames crossing will also increase the traffic as this area has narrow country lanes which are already congested at peak times and also when there is a diversion this becomes gridlocked. Our local side roads are totally inadequate to support diversions and more traffic when required</p>

Kind regards
