Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I am objecting to the planning application no. 20251123. The increased noise, light and waste pollution, increased traffic and damage to the countryside should not be allowed. This increase in size of the current site will create a small village in itself as it is thus negatively impacting on the local community and local wildlife. A small village is a very inappropriate location for a travellers development and mobile homes. This application will have a detrimental impact to the heritage and history of Sole Street and its surrounding areas. The actions of the owners of the current site have shown the disregard of the local wildlife and area by removing large oak trees to suit there needs without prior approval. This sort of reckless behaviour is not community minded and shows there lack of respect to the local area.
