### Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Vehicular access in this particular area of Meopham is already stretched thin due to the school, local parking area opposite, the local garage opposite and house street parking. Adding further strain to this is a risk to members of the public, not too mention this road is used by many to access Darenth Valley Hospital which would slow down access to get to emergency care and appointments should vehicle numbers materially increase. One could argue to use Wrotham Road alternatively, but you are seperately proposing to increase vehicles there so access will be significantly impacted.

Kind regards
