Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>This is a large development on GREEN belt land. It is high quality agricultural land which should be growing crops to feed our country,</p> <p>The 350 houses will probably have at least 700 cars. 700 extra cars accessing the A227 will cause jams to an already busy roads, The section of the A227 running through Meopham, Culverstone, Vigo does already come to a standstill with repeated traffic lights due to constant road works. The Meopham stretch of the A227 has also had sink holes, causing gridlock in all surrounding villages. Many of the houses will have children who will need school education. The local schools are full where will these children go to school?</p> <p>A percentage of the residents will need to access Darent Valley Hospital. Darent Valley Hospital is much too small for the present population which has increased with the building of Ebbsfleet New Town. Ebbsfleet New Town is part of Dartford but it still affects Gravesend services (I fully support Ebbsfleet New Town which is all built on brown field land, but it's impact on the area must not be ignored).</p>
-----------	---

Kind regards
