Reasons for comment:

Comments:	<p>I wish to object to the proposed building of homes on this greenbelt land in Longfield Road. It would totally detract from the character of the open vista. So much bird life, wild animals, insects and wildflowers and trees would be lost forever. Disturbing wildlife means a loss of many species forever. Surveys carried out to determine whether a tree, plant or animal is of significance seem to dismiss the concerns of those who live locally or who have working knowledge and understanding of the diversity of the natural inhabitants of this greenbelt countryside. It would be a significant loss of habitat should this proposed development go ahead and it would be to the detriment of us all.</p> <p>Longfield Road is used by a steady stream of cars and pedestrians and the thoroughfare is not very wide. Further development of homes would increase the dangers to pedestrians. Parentsor carers dropping off children to school deserve to have a safe area in which to do so.</p>
