Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>The proposed development of 350 homes could lead to around 700 additional cars on our roads, along with delivery and service vehicles, which is quite worrying.</p> <p>The parade of shops has already become a bit of an accident hotspot. The area around The George Inn is particularly narrow, creating a bottleneck that makes it tough for larger vehicles to get through, adding to the congestion on the A227.</p> <p>Plus, this land is really important for food production and part of a protected green belt. We're concerned that this rise in traffic could overwhelm Meopham, especially with three applications being reviewed at the same time.</p> <p>We're also thinking about the safety of our children who attend local primary, SEN, and secondary schools. Not to mention, the current transport links are quite slow, which could push more people to use the A227 and the A2 for their daily journeys. This development will cause dangerous access and traffic volumes.</p>

Kind regards
