## Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>I strongly object to the proposal because it will create dangerous road and pedestrian conditions on an already congested A227 and access is proposed into a small country lane. It will destroy the natural countryside and its wildlife. The local roads, shops and public services can't cope with the population as it is without adding to it. With the other proposals this stands to increase meophams population by one third. This is green belt land which has not been released from the green belt boundary.</p> <p>We should be protecting our countryside not destroying it and increasing pollution with construction.</p>

Kind regards
