Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments: My Husband and I are strongly objecting to this planning application. In 2025 a group of people turned up in Ridge Lane and removed the trees on this woodland. They have not been transparent with the residents of Ridge Lane as to their intentions for this land and have tried to hide what they are doing firstly with plastic sheeting then fencing. This land is very steep and not at all suitable for people to live on. There is only one way in and out onto the narrowest part of Ridge Lane. The drive they have erected is so steep recently a car was unable to get out and had to be towed, only by using a piece of land opposite, which does not belong to them. They would never be able to get towing caravans on and off this site without causing problems for legal residents. There are already at least three vehicles parked on this land all without the necessary permission. How would a large tanker be expected to empty a septic tank. This application is ridiculous. If approval is granted this will open the door to others who want to flout planning regulations.

Kind regards
