Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	1. Backs onto my garden, concerned with safety as it will open up the access to whole area. It will give direct access to our back garden and house. It feels very safe for my children to play in the garden without anyone being able to access it. 2. Houses being able to look into our garden and the back of our house, which is all glass and open planned. 3. Local infrastructure isn't able to take any more cars or large, local doctors has closed, the school is over subscribed. 4. Change the feel of the village and open the door to more buildings.

Kind regards
