Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to this proposal along with the other proposals for building around Meopham parish. The proposed density and style of buildings is not in keeping with the area. The impact on our wonderful local wildlife is a concern. Local services are already struggling, especially the GP practice and primary and secondary schools, and cannot absorb further numbers. The local hospitals are at capacity. There will be significant increase in traffic on A227 which is already extremely congested and which will get busier when the new river crossing is completed. Side roads currently become gridlocked when there is a problem or roadworks on the A227. It will also lead to more air pollution and noise. Drainage is currently a problem with frequent flooding locally in heavy rain.

Kind regards
