Reasons for comment:

Comments:	I object to this development on greenbelt land, which I understand is covered by a longstanding high court injunction against any residential building. The manner with which the mobile home was brought onto the site in the dark, a few days before Christmas, does not give me any confidence that the site will be well maintained. The severe damage to trees along White Post Lane caused by the arrival of the mobile home was shocking. We attempted to drive up the lane at 9pm on the evening of 19 December, but found the route completely blocked by the mobile home, which appeared to be stuck. In driving past the site in recent weeks, I have observed extensive construction work, fence construction and earth moving being carried out. At night time there is already considerable light pollution visible. It has completely changed the nature of the lane and the countryside around it.
