INFORMATIVES:-

1 STATEMENT OF POSITIVE AND PROACTIVE APPROACH TO DECISION-MAKING

In accordance with Article 35 (2) of the Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended), and paragraph 38 of the National Planning Policy Framework (NPPF) 2021, the Local Planning Authority has approached the assessment and determination of this application in a positive and creative way and, where appropriate, has worked pro-actively with the applicant to secure a development that is sustainable and that improves the economic, social and environmental conditions of the area, and that is in accordance with the Development Plan for the area.

2 BUILDING REGULATIONS AND PARTY WALL ACT

This decision DOES NOT imply any consent which may be required under the Building Regulations or under any other enactment or provision. Nor does it override any private rights which any person may have relating to the land affected by this decision, including the provisions of the Party Wall etc. Act 1996.

3 DEVIATION FROM APPROVED PLANS

It is possible that any proposed deviation from the approved plans could be classed as a 'material' change requiring a further application/permission. In the event that any change is proposed, applicants are advised to seek advice from the Local Planning Authority [as proceeding without the necessary permissions could nullify this permission].

4 SMOKE CONTROL AREA

The proposed development is situated in a smoke control area. As such, only authorised smokeless fuels as listed in the Smoke Control Areas (Authorised Fuels) Regulations 1991 shall be burnt or fireplaces/appliances exempted by Smoke Control (Exempted Fireplaces) Orders shall be utilised. Exempt appliances are appliances (ovens including pizza and tandoori ovens, wood burners and stoves) which have been exempted by Statutory Instruments (Orders) under the Clean Air Act 1993. These have passed tests to confirm that they are capable of burning an unauthorised or inherently smoky solid fuel without emitting smoke. They must be fitted and used according to manufacturer's instructions and they can only be used for the fuel for which they are designed. When purchasing fuels and fireplaces the applicant should clarify with the vendor their suitability with respect to use in Smoke Control Areas. For further information, including confirmation that an appliance and/or fuel is suitable for use in a smoke control area, the applicant should contact the Council's Regulatory Services air.quality@gravesham.gov.uk.

5 NAMING & NUMBERING

As a result of the changes to this property, it appears that a change has to be made to the national property gazetteer. It is a legal requirement that a property or premises is registered.

The Naming and Numbering Certificate, when issued, will reduce location or delivery problems via Royal Mail or other carriers, and importantly for the Police, Ambulance, and Fire & Rescue services. Registration is also necessary to register to vote, for utility connections, and will avoid duplicate addresses.

The Naming and Numbering service is provided by the Borough Council. The on-line form is available at the Planning/House Numbering page of the council's web-site <http://www.gravesham.gov.uk/street-naming>. Please submit the application and the requisite fee in accordance with the guidance on the form.

### **NOTIFICATION TO APPLICANT**

#### **APPEALS TO THE SECRETARY OF STATE**

- If you are aggrieved by the decision of your Local Planning Authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990.
- If this is a **householder application\*** which has been refused and you want to appeal against your Local Planning Authority's decision then you must do so within **12 weeks of the date of this notice**.
- For all other applications, refused or permitted, if you want to appeal against your Local Planning Authority's decision then you must do so within 6 months of the date of this notice.
- **Appeals must be made using a form which you can obtain from the Planning Inspectorate at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN; telephone: 0303 444 5000; email: [enquiries@pins.gsi.gov.uk](mailto:enquiries@pins.gsi.gov.uk) or online at [www.planningportal.gov.uk/pcs](http://www.planningportal.gov.uk/pcs).**
- The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

- In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based their decision on a direction given by him.

### **PURCHASE NOTICES**

If either the Local Planning Authority or the Secretary of State for the Environment refuses permission to develop land or grants it subject to conditions, the owner may claim that he/she can neither put the land to a reasonably beneficial use in its existing state nor can he/she render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council (District Council, London Borough Council or Common Council of the City of London) in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
