Comments Details

Commenter Type: Neighbour

Stance: Customer made comments neither objecting to or supporting the Planning Application

Reasons for comment:

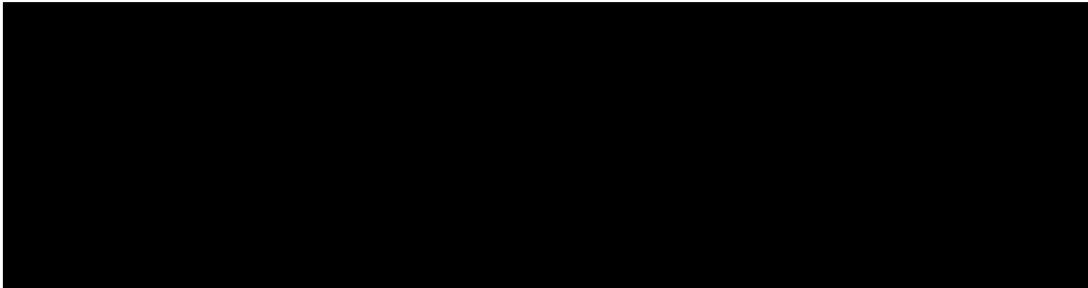

Comments: Dear Sir / Madam,

I write in my capacity as the adjoining neighbour in relation to the proposed extension at 10 Pine Avenue.

In principle we are in support of our neighbours plans, but as their existing ground floor extension is attached to ours and currently at the same height and depth we have some queries.

Having reviewed the submitted General Arrangement drawings, I note that the proposed extension is indicated as being approximately 300-350mm higher and 310-350mm longer [REDACTED]

Based on my review of the submitted drawings as commented above- it appears that the proposed extension is 310-350mm longer than the existing extension. Having reviewed the actual space we are unclear how that would be possible

I respectfully request that these matters be addressed and clarified as part of the application before any determination is made.
Supported drawing commentary and photos can be provided - but we could not find an option to upload to the portal.
Kind regards

Kind regards
