Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I find it hard to believe that the local borough council would consider this application when on previous occasions reasonable applications have been rejected for this piece of land . This is a conservation area and green belt and this application is not suitable for this location. If it was approved the council would be deemed very inconsistent in its planning decision making. There are many problems of double parking blocking sight lines in this location due to residents and customers of the See Ho needing to park . It can be dangerous in this vicinity and many drivers speed along Pear Tree Lane . I suspect this application if passed would have a detrimental affect on the trade of the See Ho and on the local environment and neighbourhood community cohesion . It would also adversely impact traffic and pedestrian safety.
