Reasons for comment:

Comments: I strongly object to this proposal.
All properties in this Lane have to be in keeping with appearance of the Lane. These are not my words but those of planning officers overseeing various developments - even garden walls in several instances- which had to be knocked down or lowered. The likelihood of excess noise will be probable in view of what is proposed on this site. The-parking for various vehicles and travelling caravans will certainly impact on traffic through this lane. It should never be blocked for any amount of time as was the case when the illegal mobile home was installed as this is a through road emergency services for incidents on A2..This site is too close to other houses and local pub. It certainly is not large enough to house what is proposed. Many residents feel grieved that this ridiculous planning application has got this far when other proposals have taken years. Also can we all put mobile homes on our land and by this way gain planning quickly? The mobile home on the site has not been removed even though it was put there illegally.

Kind regards
