Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	
Comments:	In principle my husband and I do not object outright to an extension of the property but would like some more information before being able to support the application. For example, would it block the sunlight from our garden - that is the only side of the garden that we have any privacy and currently gets the most sun. Also, will the proposed upstairs window(s) overlook our garden?

Kind regards
