Reasons for comment:

Comments: Yet another development that needs objecting to.

We are going to be carpet bombed with applications from now on and all the objections that have been raised to previous developments are all valid.

Istead Rise was and is still a rural community which is being eroded I am old enough to remember when the Drove Way was built and what was built was not particularly in keeping with the Flowerhill estate and certainly the not established buildings, and while I was at the school in Downs Road, they needed to use mobile classrooms to accommodate the pupils that attended. This was in the early 1970's, the school was only five years old.

Our local infrastructure has been inadequate for a number of years now and the amount of gas, electricity, water and sewage that can be dealt with is finite.

So yes I absolutely object.

Kind regards
