Reasons for comment:	
Comments:	I fully support the proposed change of use from a pub to a mosque in Gravesend. This reflects the changing needs of our diverse local community and will provide a valuable space for worship, education, and community support. Unlike a pub, which often generated noise and late-night disturbances, a mosque will bring a quieter and more respectful use of the space. Concerns about parking should not be an issue, as there is a large public car park nearby that can accommodate visitors. Repurposing this building for community benefit is a positive step and should be welcomed.

Kind regards
