Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	This has replaced the previous larger development that was turned down by the planning committee, but the same objections still apply, the main one being that the access is at the bottom of a bend in the road causing a dangerous blind obstruction to vehicles both coming up, and especially coming down Norwood Lane. Also, only yesterday, I saw a lady having to guide a car backing into the road by holding up the traffic. The destruction of so many mature trees would also change the character of the road to the detriment of the character of the area. It is difficult enough to get into and out of my drive now, and this will only make it more dangerous. Also, while building work goes ahead, the disruption caused by concrete mixers, builders skips, and other vehicles will be unacceptable.
