Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to any building on green belt land and open spaces around Istead Rise. Additional cars in the village contributing to the traffic on the A227 and A2 which is regularly grid locked. Istead Rise is used as a cut through when the A2 is blocked. This will dramatically increase when the new Thames crossing opens. The Doctors surgery is very difficult to get an appointment. My last four appointments I have had to travel to Bexley or Cobham to attend. Our latest hospital appointments were at Sidcup and Maidstone. Darenth Valley is not adequate for the new population in the area. Istead Rise already faces an application of housing on Downs Road. Meopham, Culverston and the much wider area are all subject to extensive building in the thousands. The area and open spaces are being destroyed and water supply and sewage is a major issue of concern in Kent. The housing that has been built over the last few years is not being purchased by local people which only increases the population and puts an additional stress on the area.

Kind regards
