Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The site is full of wildlife including larks and birds of prey who are nesting there. It's greenbelt land for this reason. The development would join villages together. The infrastructure is not set up for this sort of development and would take it out of village status. Current doctors are full. The roads are already busy especially when there's a problem on the motorway. More cars on these roads would cause chaos. If Norwood Lane was closed our end how would emergency services access road. The station is small and also has no disabled access. The fields already flood badly so water would be more of an issue with houses. With houses on the land it would takeaway farm land needed for food security

Kind regards
