Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to this application. The access to this proposed development will cause yet more traffic problems and there will be a serious accident or a fatality as emergency services will not get to us! The site is greenbelt, doesn't meet the the criteria for greybelt and GBC haven't designated this as a suitable development. Why would it be? Poor/ not enough infrastructure, no medical provision from any nearby doctors , water board saying they won't support , wildlife species being killed and having their natural habitats destroyed. Local parish council objects. Nowhere near enough amenities, shops,train stations not enough trains, parking as no one will walk to station as they expect it to be a big housing estate. This is a village , not a huge housing estate joining to Meopham with unwanted and unnecessary urban sprawl. There are so many other areas that Could be built up, not this lovely quiet, cleaner air,not light polluted area. My parents moved us here as small children 20 years ago, from a large estate locally. Please leave this area alone and let it continue to be a great place to live

Kind regards
