Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:

I wish to object to the proposed external illuminations associated with the development of the proposed fast food takeaway.

I strongly believe that the proposed illuminated giant 'M' sign together with other external lighting and bollards will have a detrimental impact on the character of this area and the amenity of local neighbours.

The brightness and the duration of this lighting will increase light pollution, create glare, and result in unnecessary illumination during evening and nighttime hours especially for neighbours living directly opposite the signage.

The illuminated signage will adversely affect neighbours through light spill with a visual intrusion into their homes and gardens thus reducing their enjoyment of their own homes.

I believe the illuminations will have a detrimental effect on local wildlife and biodiversity more importantly to the nocturnal species.

I am also concerned that brightly illuminated commercial lighting may become a distraction to road users affecting safety on the highway

Kindest regards
[REDACTED]
