Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I object to this change of use for several reasons - Unightly and not in keeping with the neighbourhood Additional traffic - if the day room is to deal with day travellers , since the crematorium was opened , the see ho pub has become very busy hosting wakes , this in its self has caused additional traffic and parking issues to the road ,encouraging more travellers to visit the area will cause even more issues . The road is narrow and if people are going to park up caravans in the road and vans often are used to transport the caravans ,this will cause safety and noise issues . The area is in green belt so I cannot see how static caravans can possibly be agreed to be used in the area ,especially when applications in the past for the road have been declined for similar requests . Often past declines have been for annexes which were in keeping with the road ,so how can they be declined and caravans agreed ? Of course residents will be concerned of the financial impact this will have on house prices ,and the change of the landscape
