Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I am writing to object to this planning application based on the following grounds. 1. Inappropriate developments for the Green Belt. The proposed development is not suited for this green belt area, which has significant protections to maintain its character and prevent urban sprawl. National and Local planning policies emphasize the importance of safeguarding Green Belt land, and this proposal conflicts with these objectives by introducing development that is neither necessary or appropriate for this location. 2. Impact on protected areas. The site and surrounding areas are vital for preserving local wildlife, natural beauty and the rural character of the area. Allowing this type of development could set a harmful precedent and undermine these protections. 3. Lack of parking facilities. The proposed development does not provide sufficient parking facilities. The area is already under significant pressure due to the proximity of a public house and the recently opened crematorium which has substantially increased local traffic and parking demand. In light of these concerns, I urge the council to reject this application as it is incompatible with planning policies and the needs of the local community.
