Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I believe that these buildings will impact on the value of houses already existing that overlook the golf course. They will spoil the outlook for houses both in Singlewell Road and those backing onto them from Dennis Road. These buildings would also impact on the green space in this area and may well have a negative impact on the limited wildlife that already exists . These buildings may also be the beginning of a longer term plan for the golf course to sell off further land for development which would spoil the outlook and character of many surrounding homes.
