Stance:	Customer made comments in support of the Planning Application

Reasons for comment:

Comments:	I have lived in gravesend for 30 years and I strongly support the change of use application submitted. Muslims have lived in this area since the 1970s and it is a central location for the locals to visit. As the application shows, there are thousands of Muslims in gravesham and they are grossly underserved. On Fridays people are forced to pray on the road due to maximum capacity at the other two facilities. It is clearly not enough for the growing Muslim population. I urge Gravesham Council to approve this proposal as it meets all the criteria set in the last application's refusal letter. Highways have not made any issues in either of the applications which is a stark reminder to the council that parking is absolutely not an issue with so many car parks surrounding the premises. The travel plan and transport statement shows how the premises meets the local planning policy. Furthermore the social infrastructure of the town is enhanced significantly by this application, as it is a centre to be used by locals to pray peacefully and teach the youth. The pub was a nuisance to the community and was a poor excuse for social infrastructure in that it was not accessible for most of the local community. The proposed plans show this is an inclusive community project and I urge the council to support this organisation.
