Comments:	This is a monstrous project. Totally against the principles and the precious values of this historical site. It would yet be another horrendous complex of flats which will impoverish the life of the community of people who live around here and the peacefulness of the park. Just leave us in peace! I work from home and I oppose this with all my might, in fact, I will demand a sound financial compensation if this plan goes ahead despite my objection. There is no way this monstrosity fits into the neighbourhood. It would erode another community space which people so desperately need to meet and socialise. There are other sites in Gravesend you can use, absolutely not this one. In fact, the park should be expanded and facilities improved! I am absolutely against it.

Kind regards
