Reasons for comment:

Comments:	Al haqq would be beneficial for the local community for many reasons. It will be a place where not only people from the Muslim faith are welcome but will be open to people from all backgrounds wanting to learn or understand the work Al Haqq will be carrying out. Currently in Gravesend there is a massively large Muslim community and this is evidently shown with already two large mosques in the area. Both of which are needing to have more than one congregations for prayers due to limited space. Al Haqq will only be a benefit for the community as it allows an extra space for prayers, learning about the religion and improving one self. Locally on the mosque in Albion Road, a large issue is parking. With Al Haqq being able to operate this may reduce the number of parking issues as local Muslims to Al Haqq may attend this centre instead. There are many other reasons why Al Haqq would be a large benefit for the Gravesend community.
